something about it. Now I'm going to say in closing. I'll support Senator Proud's amendment, but I'm not going to support a whole raft of amendments because this bill becomes effective January 1st. There are weaknesses in every bill we pass. But we have sufficient time, and you can be assured that those industries and businesses which will be justifiably handicapped in their operations can come to any one of us in the next 7 or 8 months and make this their case, and there isn't a one of us here that is too proud or stubborn to accept those amendments and correct those part of in the bill. So let's not stand up here and shove across the board a weak, willed mealy-mouth, piece of legislation that doesn't have any guts or backbone if we are going to do that, let's just kill the thing and be done with it.

PRESIDENT: Senator Cavanaugh, and then Senator Whitney. Senator Cavanaugh passing. All right Senator Whitney.
